Education

Hooghly Engineering and Technology College   **Hooghly, West Bengal**
B.Tech in Computer Science   *Expected Graduation in May 2026*
CGPA: 7.05

Profile Summary

Seeking a Full Stack Developer role with a reputable organization that offers opportunities for knowledge enhancement and career growth.

- Proficient in Java Stack (React, Spring Boot, MongoDB, SQL, REST APIs) with a strong background in building scalable web applications.
- Successfully managed and delivered projects from planning and design through to deployment and maintenance.
- Committed to staying current with industry trends and technologies, continually enhancing skills to provide innovative solutions.

Projects

Blog Application with Authentication   **June 2024 - Current**
Tools: React, Appwrite, Redux
A full-featured blog application enabling users to register, authenticate, and manage their blog posts seamlessly.
Responsibilities:

- Developed the front-end using React, creating a responsive and intuitive user interface.
- Implemented user authentication and authorization using Appwrite, ensuring secure access to the application, Managed the backend entirely with Appwrite, handling data storage, retrieval, and user management efficiently.
- Utilized Redux for state management to ensure consistent and predictable application state.

Currency Converter   **June 2023-July 2023**
Tools: React, API Integration
A sleek and intuitive web application allowing users to easily convert amounts between different currencies, leveraging real-time exchange rates.
Responsibilities:

- Developed the front-end using React, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.
- Implemented real-time exchange rate fetching using an external API for accurate currency conversions.
- Added swap functionality to quickly interchange source and target currencies.
- Supported multiple global currencies to cater to a diverse user base.

Certifications & Participations

- Member of **GDSC-HETC** (2023-Current) and successfully completed GCP of year 2023 and 2024.
- Earned certifications in Full Stack Development, demonstrating proficiency in Java stack technologies and Cloud skills.

Skills

Programming: Java, JavaScript, Python, React.js, HTML/CSS, Tailwind, SQL, MongoDB, C
Tools: Git & GitHub, Azure, Docker, JDM
